

Iowa Barriers to Prenatal Care Project - This special project is designed to identify problems women experience in accessing prenatal or delivery care. It is a cooperative venture of all Iowa maternity hospitals, the Statewide Perinatal Program, the University of Iowa, and the Iowa Department of Public Health.

- b. Family Planning - See Attachment #4

Family Planning Services - are for women and men who are concerned about unplanned pregnancies, the number and spacing of their children, birth control methods, and reproductive health. Family planning clinics offer birth control exams and supplies, health education and information, STD testing and treatment, and community education.

- c. Dental Health Services -

Dental Health - Dental health education and fluoride mouth rinse programs are made available to children in elementary schools, targeted to schools in communities without water fluoridation. Bureau staff also provide technical assistance to maternal and child health programs. Dental care is provided to low income children through contracts with dental health centers in Des Moines and Cedar Rapids. In cooperation with the University of Iowa, College of Dentistry, dental services are made available to low-income children with developmental disabilities.

- d. Genetic Services -

Regional Genetic Consultation Services - comprehensive genetic health care services including case finding, diagnostic evaluations and confirmatory testing, medical management, education and supportive counseling, case management and follow-up. The service is a joint program of the Department of Public Health and the University of Iowa Hospitals and Clinics.

- e. WIC Services - See Attachment #5

WIC Services - Pregnant, postpartum/breast-feeding Women, Infants and Children up to 5 years of age who are

less than 185% of current poverty guidelines or otherwise determined to be at nutritional risk receive special supplemental foods nutrition education and referral for health care.

- f. Public health nursing and home care aides

Public Health Nursing and Home Care Aides - statewide technical assistance and consultation is provided to local health departments and private, non-profit community based agencies who deliver care to families with disease and disability problems, health promotion, immunization, home care aide and a variety of support services at the local level.

The above-listed attachments can be found in the State Plan Amendment file.

G. Eligible Populations

The programs conducted by the parties to this agreement have overlapping populations and distinct target groups for specific services within eligible populations. The following descriptions are set out in order to define populations which may be impacted by this agreement.

1. DPH Family and Community Health Division

The eligible population for FCH program services are all women of childbearing age and children up to age twenty-one (21). Particular emphasis is placed on providing services to low-income families.

2. DHS (Title XIX)

With few exceptions, Medicaid is available to the following individuals:

- a. Current recipients of FIP benefits
b. Current recipients of SSI benefits

- c. Current recipients of State Supplement benefits
 - d. Foster care recipients
3. DHS (Title XXI)

Healthy And Well Kids in Iowa (HAWK-I) is available to uninsured children in families whose income is under 185% of poverty.

II. Schedule of Agreements

A. THE MUTUAL OBJECTIVES AND RESPECTIVE RESPONSIBILITIES OF THE PARTIES TO THE AGREEMENT:

1. Objective I

To increase the utilization of Title XIX, Title X, WIC, Title V, and Title XXI programs by mutual efforts of both state agencies:

a. DHS shall:

- (1) Inform DHS applicants who are women ages 15-44 and children ages 0-21 of the Title V Programs in their community;
- (2) Notify in a timely manner all individuals in the State who are determined to be eligible for medical assistance and who are pregnant women, breast-feeding or postpartum women or children below the age of 5, of the availability of WIC services
- (3) Furnish local Title V Programs with DHS application forms and brochures explaining application, eligibility, and services; and
- (4) Furnish financial support for transportation of Title XIX clients to local FCH Programs according to the Iowa Administrative Code 441-78.18.

- (5) Administer the new Title XXI program in accordance with federal and state law and regulations.

b. DPH shall:

- (1) Refer all patients potentially in need of social services to local DHS offices for assistance and require Title V funded maternal health centers to participate in presumptive eligibility;
- (2) Provide potentially eligible patients with DHS applications and brochures;
- (3) Furnish local DHS offices with brochures and other information explaining eligibility for Title V and WIC services locally available; and
- (4) Furnish written information that the Medicaid Program can send to recipients concerning the availability of FCH services.

2. Objective II

To maximize resources and expertise of DPH and DHS in order to increase the quality and continuity of care of eligible clients.

a. DHS shall:

- (1) Furnish FCH with Title XIX provider manuals as requested;
- (2) Issue Title XIX vendor numbers to maternal health centers, child health centers, and lead investigation agencies that meet FCH standards in accordance with the Iowa Administrative Code. Also a vendor number will be issued to the DPH in order to access the REVS system.
- (3) Provide training and technical assistance to FCH staff on federal laws and regulations governing Medicaid coverage and eligibility; and

- (4) Coordinate and collaborate with FCH and other state level entities involved in providing services to mothers and children around planning, financing, implementing, and evaluating of Medicaid services utilized by this population group.

b. DPH shall:

- (1) Request Title XIX provider manuals as needed;
- (2) Develop standards and implement an accreditation process for maternal health centers, child health centers, and lead investigation agencies to assure consistency and quality care throughout Iowa;
- (3) Provided training and technical assistance to DHS staff on federal laws and regulations governing FCH Programs;
- (4) Coordinate and collaborate with DHS and other state level entities involved in providing services to mothers and children around the planning, financing, implementing, and evaluating health services utilized by this population group.

B. Cooperation and Collaborative Relationship at the State Level

Policy decisions necessary for the implementation of this agreement shall be developed through a communicative relationship between the parties to this agreement. The appropriate division directors must approve in writing all mutually agreed-upon decisions.

C. Early Identification of Individuals Under 21 in Need of Medical or Remedial Services

The parties to this agreement assure that their staff or agencies they contract with for direct services will inform and refer Medicaid eligible persons under 21 for screening, diagnostic, and treatment services.

D. Reciprocal Referrals

In addition to the specific arrangements stipulated in the previous sections of this agreement, each party to this agreement will specify the referral mechanisms utilized to refer to each of the parties respective programs.

E. Continuous Coordination, Liaison, and Evaluation of Services Between the Parties to this Agreement

A committee shall be appointed to assure this coordination. The committee should consist of the division directors, representatives from the respective state level staffs and at least one (1) representative from local level staff. The committee shall meet at least twice a year to assess progress in meeting the ongoing goal and objectives of this agreement, including the responsibility of both parties to coordinate and collaborate in planning, financing, implementing, and evaluating the health care services provided or financed by the respective parties.

Ongoing communication between state level staff responsible for planning, financing, implementing and evaluating health care services will occur so that a coordinated system can be assured.

F. Payments and Reimbursements

In addition to the specific arrangements detailed in the previous sections of this agreement, each of the parties to this agreement shall continue to cooperate in their usual and customary fiscal relationship to ensure federal dollars will be used more productively. It is intended that WIC funds will be the first and primary source of payment for nutritional products and services for persons eligible for WIC services. Title XIX will be the primary source of payment for Title XIX medical services provided to mutual beneficiaries through Title V providers.

G. Exchange of Client Information and Reports of Services Provided

This agreement provides for the sharing of information as permitted by the respective laws and regulations of the departments of each of the parties to the agreement.

H. Restrictions on Use of Funds

1. Lobbying Efforts - The contractor covenants that:

No federal appropriated funds have been paid or will be paid on behalf of the Department or the Contractor to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee
